Maspeth High School Studio Tour

Brooklyn, NY, May 30th, 2019 a group of 15 students from Maspeth High School with the high school community liaison and college advisor visited HITN Studios at the Brooklyn Navy Yard. The students are members of the film club at Maspeth High School. The tour combined an educational experiential component for students to acquire a basic knowledge of television broadcasting from setting the stage to the actual shooting of a show. The students produced a set of spots that they will utilize at their school to provide their fellow students with information applicable for the student body. Mario Matos Jr., Community Liaison for the high school shared that “creating the spots was amazing.” We look forward to future tours with students from Maspeth and other high schools.
